

COURAGE AND CONFIDENCE POLICY FOR WINTER CAMP REGISTRATION.

Safety is our number one concern at Glen Lake Camp and Retreat Center. We take all communicable diseases seriously and will continue to seek guidance from the CDC and DSHS recommendation for camps regarding COVID-19. Glen Lake staff are keeping current on the recommendations provided by the CDC, DSHS, and local health services regarding the coronavirus, the rate of spread, and prevention.

We are coordinating and planning the best camp experience for our WINTER CAMP. We will continue to be diligent in preparing a safe Christian environment where campers can form authentic relationships through the ministry of WINTER CAMP. We are so excited for WINTER CAMP, and can not wait to have you here.

In order to serve our campers and their families well, Glen Lake Camp & Retreat Center has continued the Courage and Confidence Policy for WINTER CAMP. We are asking campers to register for WINTER CAMP and get their spots reserved. Our Courage and Confidence Policy offers registered campers the following options if campers present symptoms or illness prior to attending WINTER CAMP.

Option 1 • 100% refund of WINTER CAMP registration fee if you are more than two weeks out. In the event it is less than two weeks, then we will need to hold \$36 to cover food costs per individual cancelling.

Option 2 • If your church has registered for Week 1, your church can switch to Week 2 if there is still space.

Option 3 • Donate a portion or entire registration fee to the ministry of Glen Lake Camp.

We will continue to monitor the COVID-19 virus and will communicate any changes to our plan for WINTER CAMP. Please be confident the leadership of Glen Lake understands the importance of a team focused on safety.

Be sure to review our current WINTER CAMP COVID-19 policies and procedures found on our website at <https://www.glenlake.org/wintercamp>. Please consider the recommendations of the CDC and follow your local mandates so we can enjoy WINTER CAMP together.

We are praying for you, our camp community, and the world as we continue to stay safe and healthy-

Grace & Peace,

Patrick Turkett
Program Director
